OH!

▼ Hange/Cafe Tetsu x Naoto

I'm so glad I got to draw this because I've always wanted to.
They tend to creep out a lot of people like the taxi driver

▼ Restroom Stall Shuuro x Hayashida

They did it in the restroom in the original story (but that was just a quick standing peeing fuck)
They're fond of using the restroom since it conveniently has a sink nearby

▼ The Bath Hito x Haruo

It's striking how much Hito's intellect has declined since they started going out. (Haruo has always been like this.) In this setting they've been going out for some time, but they're still as lovey-dovey
